SPARTACISTS MARCH ON CITY OF BERLIN

Supreme Battle for Possession of German Capitol.

SITUATION SERIOUS

Action of United States Undecided Owing to Lack of Instructions from Washington.

Paris, March 18.—Action of the United States in the German crisis is undecided. Marshal Foch says he had a long conference Tuesday night with General Henry T. Allen, commanding the American forces of occupation on the Rhine, and that the latter did not know how to move, owing to entire lack of instructions from Washington.

Berlin, March 18.—The supreme battle for possession of Berlin is on. It began at 7 o'clock last night with a terrific concerted attack by the Spartacists, who captured the railway stations of Strausburg and Vogelsburg, two Berlin suburbs, and are reported steadily gaining headway.

Virtually all Americans have taken refuge in the American Embassy building. The government troops are standing to in the center of the city, ready to fight the Reds to the death. The situation is critical.

The general strike has been called off.

Dr. Wolfgang Kapp, self-proclaimed imperial chancellor, and General Baron von Luettwitz, defacto minister of defense have resigned, and General von Zeeckt has taken over the command of the loyal troops.

The Baltic troops are being removed from Berlin, the Kapp-Luettwitz orders have been cancelled, and press and telephone censorship have been lifted.

Last night the Red revolution is sweeping across the whole of Germany, and unless the allies intervene or a strong man rallies all non-radical elements to a nation-wide counter revolution against the Reds, who now have the whip hand, the Russian reign of terror in the first stage of Bolshevism seems certain to see a duplication in German.

The resignation of the Kapp-Luettwitz regime came too late to check the chaos. Nor did the calling off the general strike by the Berlin moderates make any impression on the Red rising throughout the industrial regions of the country.

The whole of the Ruhr district is under control of the Reds. Essen is center, is the center of their revolt. A Soviet has been established there and communists are in possession of the Krupp gun works and munition plants.

RAISE SUNKEN GOLD

Treasure Worth Millions Recovered by Use of Salvage Ships

London, March 18.—Sunken treasure worth $250,000,000 has been raised since the war began around the British Isles.

The Restorer and the Reliant, two salving vessels that were bought by the British concern from the American navy, have a new device, an oxy-acetylene flame which is worked under water for cutting holes in the sides of submerged vessels.

Each ship has 25 electric pumps capable of pumping 1,000,000 gallons of water an hour and carries two divers, searchlights, line throwing guns, electric welding plants, rock drills and other accessories. Each diver is equipped with a telephone.

The Restorer last year recovered $5,000,000 in gold from the Laurentic off Lough Swilly, and both vessels are now operating off New Haven on the Channel coast.

SPORTS

The Dreadnaughts captured another scrappy contest last night at the Armory, defeating the Marine All-Stars of Washington, 35 to 26, a picked team of the Marine Corps Basketball League, who had won eight straight games up to last night's affair. The game was one of the closest of the season here, being nip and tuck from the first whistle, the Dreadnaughts winning out in the last quarter The first half showed the visitors on the long end of an 18 to 13 score, but in the nightcap stanza the locals spurted and tied the count, Ike Dreifus then registered a basket from which time the winners were never headed. Roberts, Lovrein and Dreifus featured for the locals, while Costello, Cassou and King played well for the Washington aggregation.

Line-up and summary:

Dreadnaughts—Beeton and Crilly, forwards; Crouch, center; Roberts and Dreifus, guards. Marine Corps—Costello and Cassous, forwards; Fleming, center; Brown and King, guards Substitutions—Lovrein for Beeton. VIRGINIA REPUBLICANS

Delegates Instructed to Vote for Governor Frank A. Lowden, of Illinois

Roanoke, Va., March 18.—After the Republican delegations had split into two factions, staging an old-time political battle on the Virginia convention floor here last night following a motion of Representative C. Bascom Slemp, of the Ninth district, chairman of the resolutions committee ,to send the four delegates at large to the Chicago Republican convention instructed to vote for Governor Frank A. Lowden, of Illinois, a roll call was taken, and by a vote of 314 to 194 the Slemp motion was carried, putting the Virginia Republicans on record as favoring Lowden for President, Harry W. Anderson ,of Richmond, who recently returned from Europe, where he was with the Red Cross was nominated for Vice President.

Delegates at large to the Chicago convention were Representative C. Bascom Slemp, Ninth district; J. L. Crupper, Alexandria; H. L. Lawson, Floyd, and D. P. Groner, Norfolk. Alternates—H. B. Crockett, Pulaski; J. B. Kimberly Elizabeth City; B. B. Wheeler, Clifton Forge and Mrs. M. M. Caldwell, Roanoke, Va.

Mrs. Caldwell is a leading suffrage worker, a novelist, and bears the distinction of being the first Virginia woman ever named in this State to attended a Republican national convention.

State Chairman J. L. Crupper, of Alexandria, stated that the convention had met to name a man for the candidacy for President in order to do away with the inefficiency of the Democratic party, and especially that branch of the Democratic party which was led by Woodrow Wilson.

"The Democratic party is now a house divided," the speaker said, "and may find itself with two candidates when the time comes. The two candidates, Mr. Crupper, stated, probably would be William J. Bryan now running on a platform that would make this country as dry as the Sahara desert and the other one Governor Edwards, of New Jersey, who was for "unlimited liquor" in a ratio of 16 to 1.

15,000 PERSONS SEE STYLE PARADE

Alexandria's First Style Demonstration Big Success.

75 FLOATS IN LINE

Russell A. Woolf and Bendheim's Prize Winners—Four Get Honorable Mention.

Fifteen thousand persons banked King street at 7 o'clock last night and witnessed Alexandria's first style show parade. It was a big success in every particular. The participating merchants displayed rare judgment in getting up their floats, many being artistically and appropriately decorated. There were floats representing every line of business in which the Alexandria merchants are engaged, there were the latest styles of automobiles and there were many private automobiles There were 75 floats in line. Many persons from Washington and neighboring points witnessed the parade.

The paraders were greeted by red fire all along the line of march and the passing pageant was given a big ovation. All were well pleased with the parade and the initial efforts of the merchants in putting on a style show parade were crowned with success goes without saying.

Long before the appointed hour for the parade to start King street was thronged with humanity. Weather conditions were ideal for the parade and by 7 o'clock King street from Royal to Alfred streets was a mass of humanity.

The parade was slightly delayed in starting, it being about 7:30 o'clock when Chief Marshal Claude W. Fletcher gave the order to proceed. The chief marshal was accompanied by Charles R. Morrison, advetising manager for the Gazette, and other aides includes Chief Kenneth W. Ogden, of the city fire department; C. Page Waller and Herman Friedlander.

Accompanying Chief Ogden in his car were the members of the fire committee of city council, among whom were Aldermen J. T. Harrison. George H. Robinson, and Councilman William Desmond.

The parade was headed by a squad of policemen under the direction of Chief Goods and Sergt. Wilkinson. Then came the Indian Guard Band and they were followed by Chief Marshal Claude W. Fletcher and his aides.

Next came the fire department with their motor apparatus spic and span, and all of the apparatus decorated, a few pieces bearing the green flag in honor of St. Patrick's day.

The members of the different departments wearing their natty blue uniforms were on the apparatus and the Reliance Company in addition to those aboard the motor vehicle had about twenty-five men in line of March.

The departments in their respective order in line follow: No. 1 two pieces of apparatus; No. 4, two pieces; No. 5, two pieces.

Then came the various floats and private machines. The floats in their order were children in big floats; M. Ruben and Son, C. Page Waller, proprietor; Julius Wolf, The Leader, B. Ezrine, Wolfson, 307 King street; Bendheim's, girls from Alexandria High School, Premier Cleaners and Dyers, Mount Vernon Dairy, B. Abramson, Ruth Roycroft, Whitestone and Clark, Swan Bros., U. S. Naval Torpedo Station, Lindsey-Kirk Corporation, Russell Woolf, Charles King and Son, Alexandria County Lighting Company, Corby Bakery, Watkins and Washington, Y. M. C. A. float and boys carrying placards, and American flags, Belle Haven Garage, Duncan's Garage, Fletcher Motor Company, Central Garage, Hupmobile Car; Aero Auto Company, Remschel's Auto Company Old Dominion Tire Company, Dickerson's Garage, Alexandria-Wescott, Mount Vernon Garage, Hood Tires, all of which concerns had several machines. Tractors were displayed by W. H. May and Son and the Moline tractor by R. R. Gillingham, agent.

All of the floats in the parade were attractive. Probably the prettiest float in line was that of Bendheim's which was a very artistic and elaborate affair with six little girls appropriately costumed on the side of which was a sign bearing the legend "Our Future Citizens." The float was illuminated with tiny incandescent colored lights and attracted much attention along the line of march.

The float of Russell A. Woolf, dairyman, carried aboard it a cow with a slogan "Pasteurized Milk is Good for Young and Old." Surrounded by incandescent lights the big cow showed off the advantage and was one of the attractive exhibits for this particular line of business.

The Mount Vernon Dairy, 900 Prince street, Carroll D. Woolf, manager, had a float representing a milk dairy. There were a number of young ladies aboard, appropriately costumed, and milk in bottles hermetically sealed.

The Ruth Roycroft float was a dainty piece of work, consisting of a bower of attractive roses over a lattice work effect for a top. Several ladies occupied seats in front. Colored electric bulbs gave it a pretty setting.

The Alexandria County Lighting Company had aboard their float a "Gainaday" electric washer and ringer, demonstrating the modern method of washing clothes.

The United States Naval Torpedo Station had aboard its float a torpedo made at Alexandria's big assembling plant on the river front and this attracted considerable attention, this government plant being Alexandria's newest industrial enterprise.

M. Ruben and Son, C. Page Waller, had a float filled with cedar chests, surrounded by cedar trees, making an approriate setting.

All of the other floats and trucks also were attractively gotten up, but space will not permit a detailed description.

The committee in charge of awarding the prizes for the best float representing the business of the merchant awarded the first prize, consisting of $25 to Russell A. Woolf, whose float had on it a cow advertising the milk business.

The second prize of $20 for the most artistic float in the parade went to Bendheim's. In the awarding the judges were unanimous in their decision.

The judges were Miss Mamie Lindsey, Mrs. Percy Evans, Miss Mittie Herbert. Mrs. Carroll Pierce, Mrs. D. J. Howell, Mrs. J. Y. Williams.

Honorable mention was given the following: Ruth Roycroft, Mount Vernon Dairy, Alexandria Torpedo Station and M. Ruben and Son. C. Page Waller, proprietor.

STORES OPEN TONIGHT

The stores will be open tonight from 7:15 until 9 o'clock for display purposes. Music will be furnished at several of the stores and all will be well illuminated. It is expected that hundreds of persons will avail themselves of the opportunity of inspecting the latest spring styles in the various lines carried by the merchants. The windows of the various merchants on King street are very attractive and only give a hint of the many things to be found inside. An inspection will disclose that the merchants for this affair have laid in a bigger and better supply of goods than ever before, and which compare with stores anywhere in the country.

All of the merchants and citizens generally are well pleased with the parade and it is expected that a parade for the display of autumn styles will be given in September and that it will surpass the parade given last night.

OTHERS IN THE SAME BOAT

A meeting of citizens will be held at 8 o'clock tonight in the auditorium of the Chamber of Commerce for the purpose of considering a serious proposition now facing taxpayers. Representative citizens who have lo these many years managed the financal affairs of the city have, after many warnings of the approaching cloud, made it plain that the time has come when heroic action should be taken in order to meet a crisis through which we are now passing. The city has been gradually retrogradng for years, that is borrowing money and getting deeper and deeper in debt all the times in order to stave off what has long been regarded as inevitable. They have prepared their estimates and put it up to Council, and now certain members of that body want the people taken into their confidence. Hence the call for the meeting.

We don't know what measures are contemplated tonight by those who will attend the meeting. But that we must eventually accept the situation is apparent.

It is useless to thresh over the many arguments we have heard as to the necessity of increasing the rate of taxation. The purchasing power of a dollar today is as forty-five cents compared with a dollar a score of years ago, and the city is as much affected by the high cost of living as private individuals. Everything purchased has soared in price, while the pay of all city employes has advanced correspondingly. Repairs and needed improvements are staring us in the face, while enthusiastic citizens are ever clamoring for this and that expenditure in order to keep up with other cities. While such enthusiasm is in evidence the disbursements of the city are exceeding the receipts.

It is said that the late Jay Gould often attended meetings of directors of enterprises in which he was interested. He was regarded as a man of silence, and generally remained mum until everybody else had his say. He would then submit a resolution of a few words which his fellow-directors would immediately recognize as what was wanted. This would be adopted and the meeting be brought to an end. After a long interchange of opinion tonight a resolution of a few lines affirming the action of the finance committee of the City Council in recommending an increase of fifty cents on every one hundred dollars would prove all that was wanted, and this could be done as soon as the meeting convenes. In fact it could have been done by the people's representatives, and the purposed meeting would have been unnecessary.

The city of Richmond is also facing an increase in the rate of taxation. Sixty cents upon every hundred dollars' worth of property is the amount fixed. The capital city, however, will not place the increase upon real estate entirely, but one half of the amount is to be raised on intangible property.

After a series of sessions extending over two months, the Finance Committee of the City Council of the capital city has completed its task of revising and reshaping the 1920 budget.

The difference between the estimated revenue for the year and the necessary expenditures is partially met by an increase of 60 cents in the tax rate. This increase is divided equally between the tax on real estate and the tax on tangible personal property, thirty cents on the $100 having been added to each item.

KINDNESS OF DELEGATE

It may interest, even if it does not edify, the citizens of Philadelphia to know that they will continue to get their usual supply of water through the kindness of the president of some international brotherhood or other. It is a bit vague, but we are informed that a telegram which was relayed from Albany called off the proposed strike of the employees of the Water Bureau and that the men are to "remain at work until they get further orders."

The prompt declaration of Mayor Moore that he would not treat with strikers, that he had no offer of "compromise" to make to labor leaders who do not even reside in Philadelphia, and that every man quitting his post would be hereafter barred from city employment, was proper and timely and saved the city from being placed in a discreditable and humiliating position. The laborer is worthy of his hire and the employees of the Water Bureau are entitled to decent treatment, but hold-up methods are not to be tolerated and the people of Philadelphia will resent giving a walking delegate here or a labor official in Albany or elsewhere the power to say whether or not they are to be furnished with one of the prime necessaries of life. —(Philadelphia Inquirer.

Here's what one man and a Moline-Universal Tractor can do in a day of 10 hours:

Plow 7 to 9 acres; disc 27 acres with a 7-ft. tandem disc; disc 38 acres with a 10-ft. disc; harrow 26 acres with a 20-ft. pegtooth harrow; plant 22 acres with a two-row planter; plant 43 acres with a four-row planter; cultivate from 14 to 20 acres with a two-row cultivator; drill 35 acres with a 10-ft. grain drill; harvest 25 acres with an 8-ft. grain binder; harvest 10 acres with a corn binder; mow 25 acres with an 8-ft. mower; rake 40 acres with 12-ft. rake; rake 25 acres with an 8-ft. side delivery rake; load 12 acres of hay.

In addition, it can be used on the belt for running threshers up to 24-inch capacity, silo fillers, corn shellers, feed grinders, wood saws, clover hullers, pumps, hay presses, etc.

No end of odd jobs that can be done with the

MOLINE UNIVERSAL TRACTOR

MOLINE
UNIVERSAL TRACTOR
It Solves The Farm Help Problem

Model D

Because of its ideal design, construction and performance, this new Moline-Universal enables one man to farm more land and produce more food than ever before possible. It is the world's most dependable farm hand.

New features include self-starter; electric lights; electrical governor; perfected overhead-valve, four-cylinder engine that is free from vibration; complete enclosure of all moving parts; differential lock which increases traction.

Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance.

These new features, together with the well known Moline-Universal type—all the weight on two wheels, one-man control and ability to do all farm work including cultivating—make the Moline-Universal Model D the best tractor money can buy.

Conservatively rated at 9-18, the new Moline-Universal has ample power for heavy belt work, and can plow as much in a day with two plows as the ordinary three-plow tractor, because of its greater speed. Yet it is light enough for such work as cultivating, mowing, etc., which do not require so much power.

We will be glad to tell you all about this wonderful tractor. The next time you are in town call on us.

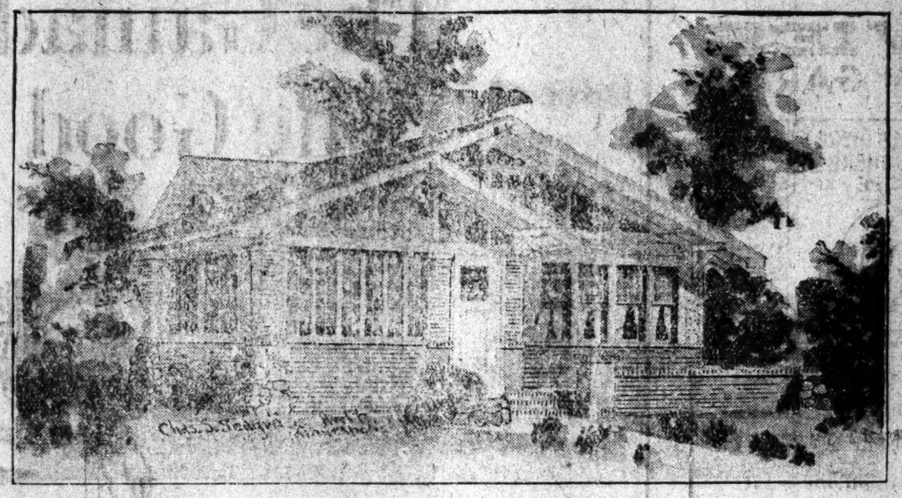
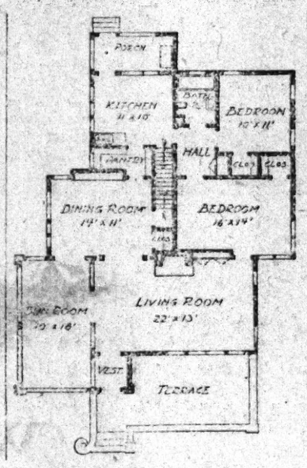
A MODERN SIX ROOM BUNGALOW

DESIGNED BY CHAS. S. SEDGWICK, ARCHITECT



IN this Bungalow design we have a very well arranged and convenient plan, with large living room, dining room, kitchen and two bed rooms. An attractive feature is the sun room on the left. This has wide glazed French doors and windows opening it up with the living room. The casement windows used in the sun room and windows in living room and dining room are grouped, making very light and cheerful rooms. The bed rooms are each provided with closets and there is a coat closet in addition. Between dining room and kitchen is a pantry. There is a well appointed bath room and a rear porch glazed in and with space for refrigerator.

There is an open brick terrace in front and the outside face of wall is of "Tapestry" brick up to the window sills and the corners carried up with brick, the balance of the wall is finished with cement stucco. The roof is shingled and stained. The finish of the two main rooms and sun parlor is of oak with oak floor. The bed rooms, kitchen and both room are to be finished in white enamel, with floors of birch.



The outside gables are paneled with half timbers and finished with stucco. The estimated cost is from $5,500 to $6,700, exclusive of heating and plumbing. The outside trimmings are of a light cream color and the roof stained green. The steps and buttresses and front terrace are to be of brick. The corner piers and buttresses are intended to be built of native cobble stone or bowlders, giving a very artistic appearance. There is a full basement complete, with laundry, heating room, etc. There is a good floor in attic and space for storage.

LEAPS OUT OF WINDOW

Cumberland Woman Breaks Leg After Spouse Tries to Enter Rear of House

Cumberland, Md., March 18.—Mistaking the noise made by her husband, Abraham Woods, a clothing merchant, in attempting to get into his home through a rear door, for burglars, Mrs. Woods, in terror, jumped from a front second story window shortly after midnight Sunday, landing on the sidewalk and breaking two bones in her ankle.

Woods had attempted to enter his home through the front door, which was locked. Then he went to the rear. Mrs. Woods had been ill with influenza, which contributed, it is thought, to her state of fright. While her husband was at the rear door she called from the upstairs window to two young men passing, asking if they did not hear some one trying to break into her home. They replied that they did hear a noise, but instead of investigating they fled. Woods went to the assistance of his wife after hearing her moans.

Thin People Should Take Phosphate

Says Nothing Like Plain Argo-Phosphate to Put on Firm, Solid, Stay There Flesh and Muscles and Increase Strength, Vim, Vigor and Nerve Force

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphate commonly known by druggists as argo-phosphate; it is inexpensive and is sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded. Weakness and thinness are usually due to starved nervous conditions.

Our bodies need more phosphates than are contained in the foods we eat.

If you wish a more rounded figure and plump well-developed arm, neck and bust in place of hollows you should simply take plain argo-phosphate as it builds up and restores run-down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy and ambition quickly disappear.

Pale cheeks are changed to rosy ones and dull eyes become bright.

Miss Lena Brown of Atlanta, Ga., who only weighed 90 pounds reports that she gained 10 pounds in two weeks time and says argo-phosphate has made a different person of her and she has never felt better in her life.

Special Notice—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous, worn-out debilitated conditions and the unusually large sale for argo-phosphate there will be found in the market numerous substitutes for the genuine article. All imitations are inferior preparations and owing to its unusual flesh producing qualities it should not be used by any one unless they desire to put on flesh and increase in weight. Dispensed by Gibsons Drug Store.

Take tablets without fear, if they are marked with the "Bayer Cross."

If you want the true, world-famous Aspirin, as prescribed by physicians for over eighteen year, you must ask for "Bayer Tablets of Aspirin."

In each package of "Bayer Tablets of Aspirin" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis and for Pain in general.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.
